Property Project

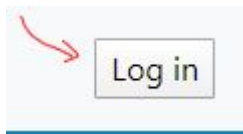

Navigation bar:	3
Login/signup page:	4
Landing page:	5
Property Catalogue:	6
Property details:	8
Account management:	11

Navigation bar:

The Navigation bar can be seen on most of the websites pages at the top of your screen at all times. You can go back to the catalogue of properties by simply clicking on our logo or the “Home” button next to it on the left-hand side of the navigation bar.

You also have the ability to log in to our website to view further details about a property. This button is located on the far right-hand side of the navigation bar.

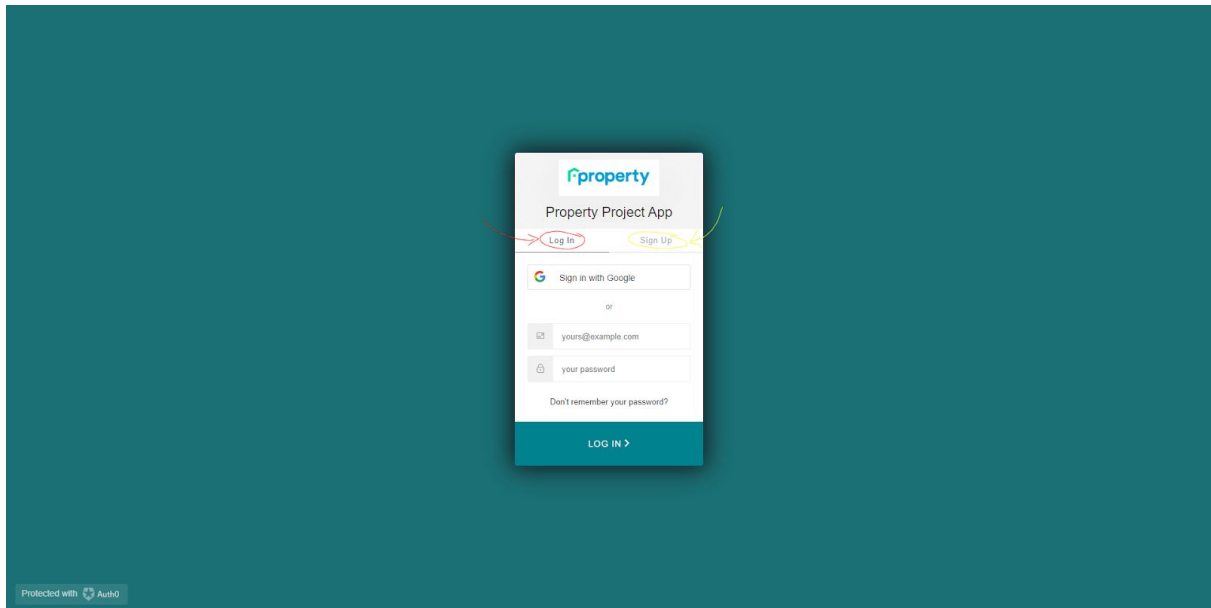

Once logged in to an account, you will see a new icon appear next to the login button. Here you will have access to managing your account. You will be redirected to the account management page. If you click the “Log out” button, you will lose access to additional information provided to you by being logged in as well as access to managing your account.

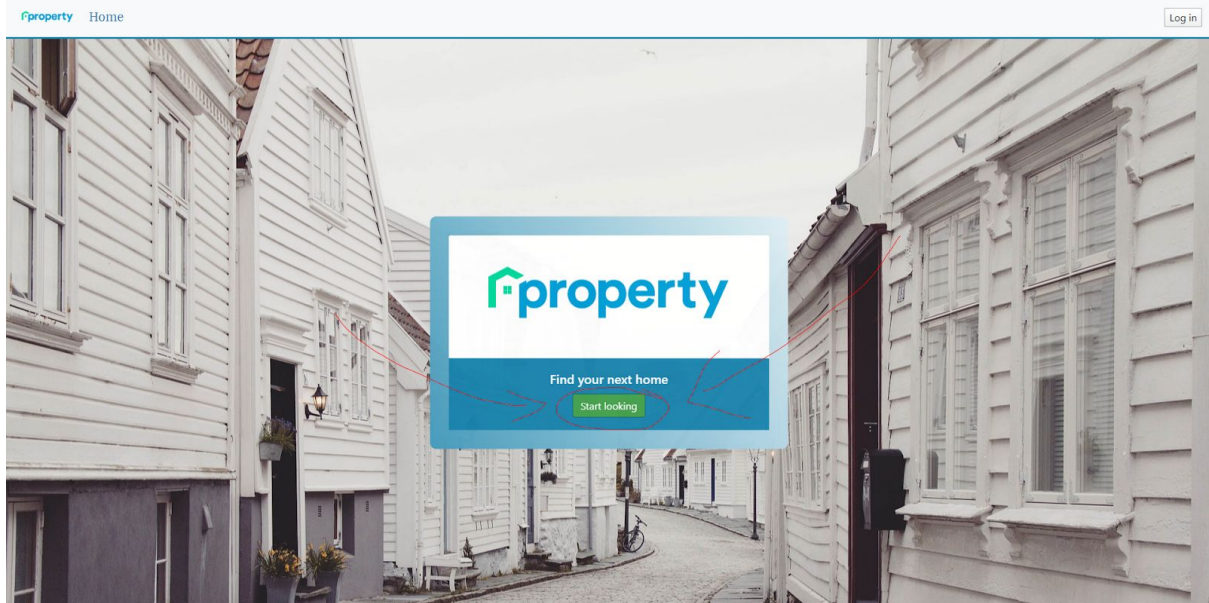

Login/signup page:

You are redirected to a login screen where you can choose to either log in with an existing account, log in with a google account or create a new user. To create a new account you can simply click the tab marked in yellow on the image to register. If you wish to log in to an existing account you can go back by clicking on the tab marked in red.

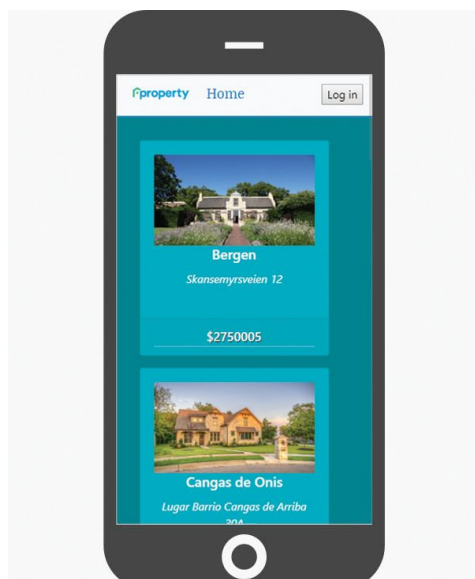

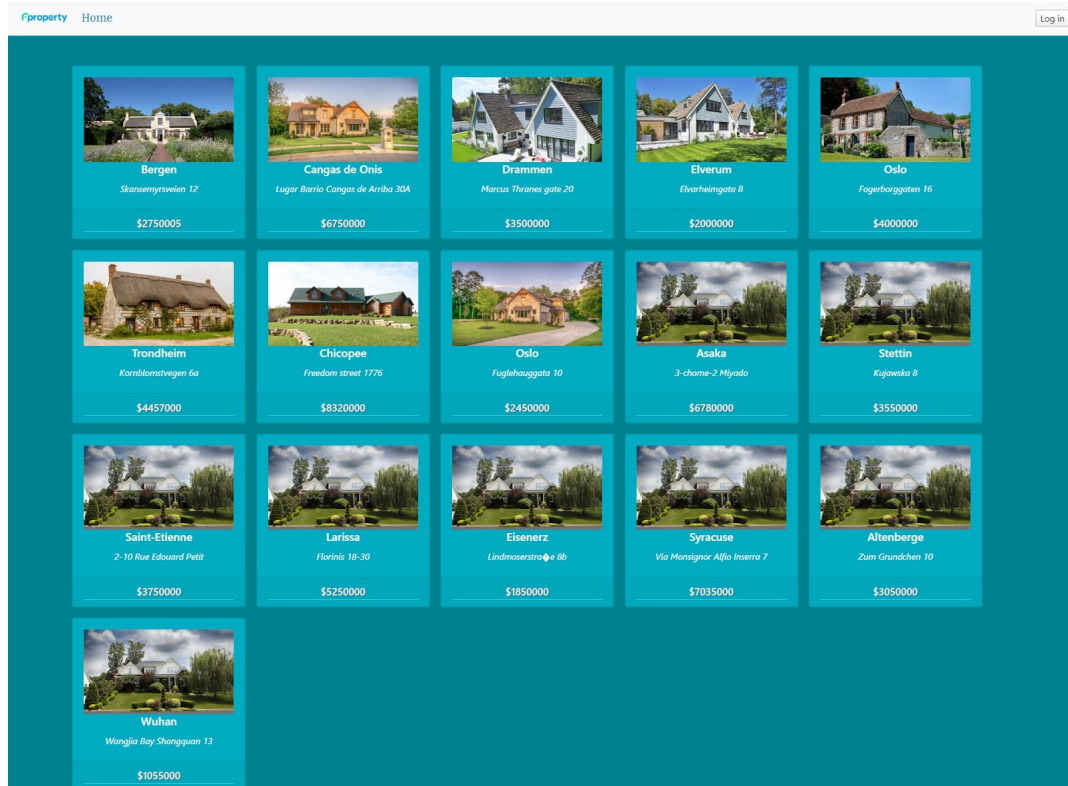

Landing page:

This is the starting page and where you will start when you go to the website. Here you can click the button in the center of the screen to be taken to the catalogue. You can also use the earlier mentioned Navigation bar to use it's features.

Property Catalogue:

In the catalogue you will see all the properties listed on the website in a card format. Here you can see some basic information about each property, as well as being able to click on each card to get extended information about each property on a new page.

If you click on a property, the property will now be saved in your recently viewed tab above all the property listings back at the catalogue. It will save up to your last three recently viewed properties. If you wish to view these properties again you can either look for the property in the list, or simply click on it in the recently viewed items.
